Home Decor

Some places you never really go away from.
Places where you know you must go back,
places you must recognize yourself.

-
ROOM
01

Surrounding yourself with beauty, searching for the difference in details that for others might be insignificant and which instead for you, are home.

-
ROOM
02

A home is a part of our identity. Peace, tranquility,
silence or music, a cigar and our favorite whiskey:
home is where we find all that we need.

-
ROOM
03

To have time nowadays is luxury.
Time to sit, breathe and dedicate time to those
we love, and to those who make us happy...
It is the small things that can make a day
different, or change an entire life.

-
ROOM
04

Each choice tells who we are.
Every object is part of us: home is where we have
our heart, home is where we write our life's story.

-
ROOM
05

When you are unhappy, return to the place that you love the most. He differently from other people always has something to tell you, and will always find a way to console you.
